Statement of CPNI Operating Procedures

Nex-Tech, Inc.

Nex-Tech, Inc. hereby submits that its procedures regarding its Customer Proprietary Network Information (“CPNI”) are in compliance with Section 222 of the Communications Act of 1934, as amended (47 U.S.C. 222) and 47 C.F.R. §§64.2001-64.2009.

Nex-Tech, Inc. uses its CPNI in compliance with the Commission’s rules in 47 C.F.R. §§64.2001-64.2009. It has provided proper, individual notice to each of its customers and, depending upon use, has given its customers the required regulatory time period to either allow usage of CPNI or disallow CPNI usage.

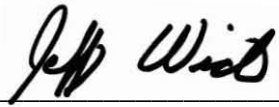

Nex-Tech’s employees—including marketing, sales and customer service representatives—have been educated about CPNI, federal regulations and Nex-Tech’s statutory responsibility to its customers. Any unauthorized use, sale, or other disclosure of CPNI by any employee would subject the employee to disciplinary action. For the first violation, an employee would be given a warning and the violation would be noted on the employee’s record. A second violation would result in termination of employment.

By accessing company records, employees may easily determine the CPNI status of individual customers prior to using CPNI. Nex-Tech, Inc. maintains a written log regarding outbound usage of CPNI, including a description of the marketing activity, which products and/or services were marketed, and the specific CPNI used. All sales and marketing personnel obtain supervisor approval for any outbound usage of CPNI. Nex-Tech, Inc. does not sell, rent or otherwise disclose CPNI to non-affiliated entities. If Nex-Tech’s affiliates are allowed to access CPNI, such disclosure is noted in the written log.

In compliance with the Commission’s rules, Nex-Tech, Inc. does not use, disclose or permit access to CPNI for the purposes of identifying customers placing calls to competing carriers. Furthermore, Nex-Tech has implemented appropriate safeguards for the disclosure of CPNI, including instituting procedures to (1) authenticate customers prior to disclosure of CPNI based on customer-initiated telephone contact, online account access, or an in-store visit (e.g., use of verbal or online passwords without the use of readily available biographical or account information, or requiring a valid photo ID matching the customer’s account information); and (2) providing notification to customers of account changes. Nex-Tech has also established procedures to notify law enforcement in the event of a breach of CPNI.

**2009 ANNUAL CERTIFICATION – Customer Proprietary Network Information
Procedures of Nex-Tech, Inc.**

I, Jeff Wick, hereby certify that I have personal knowledge that Nex-Tech, Inc. has established operating procedures regarding the Customer Proprietary Network Information (CPNI) generated by the customers of Nex-Tech, Inc. These procedures are in compliance with Section 222 of the Communications Act of 1934, as amended (47 U.S.C. 222) and 47 CFR §§64.2001-64.2011.

Signed:  _____
